Tokyo, 113-0033 Japan

July 31, 2012

Dear Conference Coordinator and Japanese Society of Nephrology,

Because of your company's interest in the field of Nephrology and Critical Care, I would like to inform you of the **18<sup>th</sup> International Conference on Continuous Renal Replacement Therapies** to be held at the Hilton San Diego Bayfront on February 12-15, 2013. I believe this conference may be of interest to you as an exhibitor.

As you may know, we have held seventeen previous conferences, all in San Diego: November 1995, February 1997, and in February-March every year from 1998-2012. All seventeen conferences were very successful, with an attendance of 500-600+ participants in each. We have had a multi-disciplinary attendance including nephrologists, critical care physicians, and nurses from the dialysis and critical care fields, as well as allied personnel and industry representatives.

This conference has become a unique international symposium featuring a forum for multi-disciplinary interactions between physicians, nurses, support personnel and industry involved in the care of the critically ill patient. Continuing the trend established with the previous conferences, we have an exciting and up-to-date program planned which will cover the latest developments and research in the field of ICU medicine and CRRT. The conference is structured to promote multi-disciplinary interaction among specialists in nephrology, critical care, nursing, support personnel and industry involved in the care of the critically ill patient. A combination of invited lecturers, panel discussions, interactive workshops, oral and poster presentations will be utilized with CME credits.

For your reference, I am enclosing a guideline showing the different levels of support, as well as an exhibitor prospectus. **Register and make payment by Friday, August 24<sup>th</sup> and receive an additional Complimentary Conference Registration.** In addition to attending as a conference exhibitor, there are many other opportunities to be involved in the CRRT 2013 meeting including *Interactive Workshops, Fellows in Training Grant Support, Focus Group Luncheons, Industry Symposiums and Corporate Multi Media Packages*

Please visit the link below for further information:

We would appreciate your returning the request for exhibit space form by September 7, 2012. Please forward the forms by e-mail to our conference secretariat at [res@crrtonline.com](mailto:res@crrtonline.com) or fax them to 858-272-7687. Please feel free to contact me if you have any questions or would like more information. Lectures from our previous conferences and multimedia packages of the 2012 conference are available on our web site: [www.crrtonline.com](http://www.crrtonline.com). I look forward to hearing from you.

Sincerely,

Ravindra L. Mehta, M.D.  
Chairman XVIII<sup>th</sup> International CRRT Conference
